**DRONETECH Fair October 19-20,
2018, Poland**

2018-06-25 22:02:32

The Enterprise Europe Network in Torun cordially invites producers, distributors and specialists dealing with the subject of drones to participate in the International B2B Event, accompanying the third edition of the DRONETECH Fair, which will take place on October 19-20, 2018 at the Arena Sport and Entertainment Arena Torun.

Why is it worth taking part in meetings?

The Brokerage Event (B2B meetings) gives you the opportunity to present your product, technology or research offer, not only to domestic partners, but above all to foreign ones. Meetings of this type often result in establishing long-term international cooperation.

The B2B Event is an ideal platform for:

- observing the market and acquiring knowledge about the latest industry trends,
- discussing licensing, production and distribution agreements,
- identify potential partners to strengthen export activities.

Costs

Participation in the B2B Event and DRONETECH 2018 Fair is FREE OF CHARGE!

Each participant is required to register.

Registration process

B2B meetings

In order to subscribe to the B2B Event, it is necessary to register the company by October 12, 2012 through the system: <https://dronetech2018.b2match.io/>

In the registration process, after creating a company account, you must log in to the system via the link received on the previously provided e-mail address. After logging in, the company profile should be supplemented with a proposal for cooperation in the scope of product offer, service, research project, investment or demand for a specific type of agreement.

The registration process takes place in English.

Choosing a chat partner

From 24/09/2018 - 16/10/2018, every registered exchange participant whose profile has been activated selects a meeting partner to be held on October 19-20, 2018.

A few days before the start of the exchange, participants will receive a personal meeting schedule (which can be updated). The meeting plan will contain information about the time, table number and company details with which the meeting was arranged.

DRONETECH

DroneTech 3rd World Meeting - this is the third in Torun, an international event that connects scientists, businessmen - enthusiasts of modern unmanned technologies.

Apart from the international companies' exhibition, the program includes a conference of experts in the fields of technology, law and security as well as sociology. DRONETECH RACE CUP occupies a special position - drone racing, in which synchronized human and machine cooperation provides unusual emotions.

In order to take advantage of all the available trade fair attractions, you must make a short registration through the application form (<http://dronetech-poland.com/>)

During B2B meetings, participants will receive an updated version of the call schedule.

Employees of the Enterprise Europe Network during the conversations will remain at the disposal of the participants.
